Dear friends: I'm in your debt and  
I wish it was Monday noon so  
I could do the washing '22. He could  
use the new winged. We just bought  
a new one. 1<sup>st</sup> day of March and a  
most beautiful day just here. I am  
still on the ground hot and? In  
point of words as he is conducting  
himself doing the house work. I  
will have to begin when he goes to  
work. I am feeling a lot of the  
same old way. Why are you all?  
I don't not half a cold this winter  
as far. Love to all. Peace until I see  
and address to Bethel Conn.
